APEX BURNOUT OVENS - IBEX DENTAL

APEX BURNOUT OVENS - IBEX DENTAL

The two-side only heating plates in the APEX burnout oven radiate heat more evenly with fewer variances than the oven's 4-plate counterparts, leading to fewer cracked rings. The APEX has a high heat-rate capacity that allows you to reach your desired temperature quickly: its rate exceeds 50°C/72°F per minute at full power.

Specifications:

- * 20 three-stage programs
- * Large ring capacity with a small footprint
- * High heat rate- greater than 50°C (72°F) per minute at full power
- * Sheated thermocouple for a longer life
- * Rugged 1600-Watt muffle
- * Open door detection

MIDITHERM OVENS - BEGO

MIDITHERM OVENS - BEGO

Microprocessor-controlled preheating furnace for crowns, bridges and partial dentures

Descriptions:

- * Ideal for every Crown and Bridge department.
- * Microprocessor-controlled temperature regulation with digital display.
- * Maximum preheating temperature up to approx. 1100 °C.
- * Maximum capacity of the mould compartment with the 100 MP: 12 -2 1/2" 180 g C&B moulds or 4 520 g partial denture moulds
- * Up to 9 individual programs can be set.
- * Up to 4 temperature holding levels can be entered.
- * Programmable heating rate, linear heating rate of 1 - 9°C/minute, 33.8 - 48.2 °F/minute.
- * Programmable time for desired casting readiness, visual and acoustic signal for end of program.
- * Corrosion-resistant, stainless steel exterior.

PURGE IT - ADS

PURGE IT - ADS

- * For regeneration of contaminated firing chambers.
- * Newly improved Lab Purge-It, is carbonaceous and siliceous adsorbent with an incredibly porous structure which makes Purge-It extremely effective in the absorption of gases.
- * Newly improved, Lab Purge-It has a higher adsorptive capacity, slow degeneration of particles, and ease of use.
- * Purge-It has excellent purging results.

Porcelain Ovens - SINOSTEEL

SINOSTEEL - Classic 5G

Vacuum Porcelain Furnace 110 volts

Porcelain Ovens # 417357 - Mfg # 106820 Features:

METAL CERAMIC - FULL CERAMIC - DISILICATE AND PORCELAIN FUSED OVER ZIRCONIA

- * Can be compared with any brand of porcelain furnace in any country
- * More than 10,000 sets of experience over 20 years of experience (a comprehensive crystallization of experience)
- * Thermocouple life increased by more than 50%
- * Mobile internet/internet
- * Standard industrial grade touch screen
- * Does not affect the ambient temperature
- * The most stable wire in the world
- * Intelligent judgment failure
- * Two-year comprehensive warranty
- * Can set porcelain powder manufacturers
- * Almost countless procedures
- * 14-bit AD conversion
- * Up to 1200?
- * Vacuum pump: 400*300*250, gross weight: 10KG, net weight 8.5KG
- * Passed CE, ROHS, ISO9001, ISO14001, GBT/28001 certification
- * Porcelain stove: packaging 450*520*550, gross weight 28KG, net weight 22KG, furnace body 320*385*415

Includes:

Oiless Vacuum Pump Furnace: 21in x 18in x 28in =69lbs.- Pump: 17in x 13in x 11in = 23lbs.

Quantity: 1

THIS ITEM WILL BE SHIPPED WOOD BOXED (generally) AND ON AN INDIVIDUAL PALET - SHIPPING COST WILL INCLUDE PALLET/ TRUCK / INSIDE DELIVERY & LOADING DOCK

SUMMIT PORCELAIN OVEN - IBEX DENTAL

SUMMIT PORCELAIN OVEN - IBEX DENTAL

- * Exclusive Radiance Ring? technology
- * Never needs temperature calibration
- * All touch-screen operation
- * USB programmability
- * Rapid cooling fan
- * Ability to edit parameters mid-program
- * Small footprint
- * User-friendly, intuitive design

The Ibex long-life muffle with Radiance Ring technology provides unparalleled consistency of even firings regardless of where on the tray the work has been placed, firing after firing.

With the help of the Radiance Ring, heat is able to bathe the firing tray in one smooth, homogenous band of energy.
