TECH WEST ULTRA CLEAN LARGE FACILITY AIR COMPRESSOR

ULTRA CLEAN LARGE FACILITY AIR COMPRESSOR - TECH WEST

Tech West Large Facility Ultra Clean Air Compressors lead the industry in design and quality providing ultra clean, dry air to the dental office.

The Ultra Clean LARGE FACILITY Air Compressors are built to meet the needs of the most demanding dental practices and range from 10-60 users in a single or dual configuration.

All LARGE FACILITY Air Compressors are wired for 24V remote switching and are ready for installation and feature energy efficient motors.

Advantages:

- * Dryer bypass valves.
- * Finned cylinder and cylinder heads.
- * Drive pulleys.
- * Enclosed OSHA approved fan guard
- * Special designed flywheel supplies high volume airflow.
- * All compressors are wired for low voltage.
- * Crankcase lubrication level indicator.
- * Discharge air coalescing filters and regulator
- * All compressor tanks are epoxy coated on the inside to meet ASME standards.
- * Magnetic motor starters with overload protection

* Refrigerant air dryers

2 Year Warranty

US DENTAL DEPOT Inc is an Authorized Tech West Dealer in the US.

Compressor

Air Compressors (Oilless Type)

ULTRA CLEAN COMPRESSORS OIL LESS - TECH WEST

ULTRA CLEAN COMPRESSORS OIL LESS - TECH WEST

Tech West?s Ultra Clean Oil-less Compressor supplies 100% oil-free air to the dental office environment. Tech West guarantees the clean, dry air you expect from a high performance drying system.

Through its smooth, vibration-free running at 72 DB, the Ultra Clean air compressor prevents the expensive and inconvenient need for a sound cover. All oil-less Tech West compressors are equipped with energy efficient heads, large cooling fans and Teflon-coated pistons and cylinders that provide years of dependable service.

The Ultra Clean features moisture indicators, epoxy-coated tanks and rubber-leveling feet, along with handles for easy lifting and installation. The Tech West Ultra Clean Oilless compressor is offered in a variety of configurations from a single unit to dual or triple units. Tech West provides an extensive warranty program, as well as, upon request, full plumbing and electrical assistance.

Advantages:

- * Redesigned Air Dryer makes the unit more compact and reliable.
- * American made electrical motor with capacitor start and run windings.
- * Motor will start under full compressor load with a voltage range of 208/248.
- * No Italian or European motor can.
- * One handle dryer shutdown.
- * Moisture indicators on the outlet air line.
- * Integrated carrying handles on the tank.

US DENTAL DEPOT is an Authorized Tech West Dealer in Us.

OIL FREE - PEGASUS

OIL-FREE - PEGASUS

Features:

- * Oil free: Do not need any lubricated oil, and harmless to the human body.
- * Super silent: Noise level lower than 56dB to reduce noise pollution.
- * Multi-phase filtration: Advanced multi-phase filtration to ensure extremely clean air, and lengthen service life.
- * Safety using: Air compressor motors equipped with thermal prevention device to avoid overheating and protect motors.
- * Clean tank: All air receiver tanks have internal epoxy coating applied to avoid corrosion.
- * Automatic adjustment: High quality pressure switch used to control the power of air compressor automatically by adjustment of pressure level.
- * Pressure adjustment: Working pressure could be adjusted to meet the demand of different supporting equipment.
- * High durability: Serviceable time exceeds 15, 000 hours.
- * Simple operation: Using directly when connecting with power.
- * Easy maintenance: No need any lubricated oil.
- * Warranty: 2 years.
- * The advantage of the (Air Dryer) system is the following
- * No additional installation (the system is integrated with the compressor)
- * No oxidation and corrosion
- * Optimum air for patients, instruments and equipment
- * Compactness
- * Fully automatic operation
- * Easy maintenance
- * Low operative costs
- * No power loss during the regeneration process
