 Light + (AI-1413) # A2-E - # A2EFLIGHT DENTAL - A2 Patient Chair
 (A2E)

Dental Chairs Complete
 # 402371 - Mfg # A2-E

Features:

The A2 chair is the most economical chair in our line of products. The backbone to a reliable chair is contingent on both the engineering and quality of the materials used. The chair is produced using some of the highest standards and as such has received praise as one of the best chairs on the market.

Furthermore, the entire unit is finished using a Powder-coated baked finish to enable the highest level of asepsis control and with a cast iron frame the chair provides excellent durability. The company continues to exceed expectations, satisfying customers desire for an economically priced unit built using the highest standards.

Scent: Variety Pack 1 (Outlaw Orange, Sassy Strawberry, Birthday Bubbegum)

Natural Working Condition:

- * Environment temperature: 5C to 40C
- * Related humidity: = 80%
- * Power supply: ~110-220V 10%; 50Hz 10%
- * Air pressure: 400-600kPa
- * Water pressure: 200-400kPa
- * Bearing capacity of the chair = 135 KG

Contains:

- * Flight Round Light

- * **Deluxe doctor stool**
- * 2X 3-way syringes, each at doctor and assistant side
- * 3X four-hole handpiece tubing with coupler (2XHigh, 1XLow)
- * 1X High-volume Evacuator (HVE) and 1X Saliva Ejector
- * 1X Foot controls for handpieces
- * 1X Handpiece holder for scaler
- * Ceramic spitton bowl
- 24V X-ray viewer (Option)

Operator Lights for Dental Units

OPERATORY LIGHTS SUMMIT - SDS

OPERATORUY LIGHTS SUMMIT - SDS

Features:

Upgrade your existing light to LED! SDS is now providing doctors with the option of keeping their existing operator units and light posts and simply swapping out the halogen light head for our Viulux LED II light head. Available for over 10 older halogen models, our light can provide doctors the technology of tomorrow at a price they can afford today.

DENTAL LAMP LED LIGHT - PEGASUS

DENTAL LAMP LED LIGHT - PEGASUS

Features

The Global LED Light Dental Lamp are design with removable handles that are maintenance free and can easily be mounted or dismount.

The Global Dental Led Lamp has optimized color of light with a color temperature range from 5500-6500K, similar just like the natural light from your window.

The Global Led lamp features free movement of 3axesis, positioning the light to where you want.

The power of light from 450-550 is limited to minimize the effect on the sensitive material use for the restoration.

RENFERT - 023-2931-0000 Pneumatic Foot Control-Each US\$ 165.54

RENFERT - Pneumatic Foot Switch
Foot Pedal Controls Air
023-2931-0000 - Mfg # 29310000

Features:

This Pneumatic foot a switch is extremely flat and ensures relaxed foot and leg positioning when working. It can be activated from anywhere on its surface regardless of foot position.

No more continual searching for or repositioning of the foot switch. Light pressure sends the work impulse to the respective unit. The construction guarantees a long service life and slip-resistency. Suitable for all units functioning on compressed air up to 200 l air consumption / min.

Technical Specifications:

- * Working Pressure: 0-10bar (0 - 145 psi)
- * Cable Length : 1.9 m (74.8 inches)
- * Max Pressure : 10 bar (145 psi)
- * Dimensions : 138 x 38mm
- * Max. air flow : 210 l/min
- * Actuating Pressure: 370
- * Weight : 0.54kg

US\$ 3,016.44

ASEPTICO - Aseptimini Portable Dental Units 110volts #ADU-10 #ADU-10
ASEPTICO - Aseptimini Portable Dental Units - 110volts
Portable Dental Units
111201 - Mfg # ADU-10

Feature:

Aseptico portable unit continues to be the doctors choice. Preferred above all similar mobile systems (Adec, Mdec, DNTL, etc.) because of size, weight, convenience and durability.

Aseptimini Portable Dental Units contains:

- * Aseptic control box, tubing and holders.
- * Autoclavable water container, syringe tips and vacuum container.
- * Wet/dry foot control.
- * Automatic high and low speed handpiece controls.
- * Easily quick couples to air compressor.

Size: 11-3/4" x 14-3/4 x 13-3/4 ", weighs just 24 lbs.

Optional: Either or both high and low volume vacuums (pictured).

Operates off of air - no vacuum pump needed.

ASSISTANT STOOL - PEGASUS

ASSISTANT STOOLS - PEGASUS

Solution:

Challenge: To work comfortably, you need a stool to help promote a healthy posture.

Solution: Physician stool with contoured seat

The ergonomic tilt stool A-dec doctor helps maintain the natural curve of your back. This reduces the pressure on the discs and muscle tension, which can reduce pain in the lower back. It also allows you to get closer to the patient.

Advantages:

Ergonomic:

the largest support with anatomical shape provides support for the lower back and ergonomic tilt reduces stress and fatigue, ensuring adequate circulation to the lower extremities and promoting a healthy posture.

Easy to adjust:

seat height, and an ergonomic seat and backrest angle is easily adjusted to the sitting position.

Detailed Product:

Molded and comfortable cushion seat. Provides two layers of foam for comfort and a rounded edge helps reduce pressure on the femoral artery.

Two-way adjustable backrest. It allows vertical alignment to provide adequate lumbar support and dynamic horizontal adjustment.

Two-way adjustable seat. It allows height adjustment plus a dynamic angle adjustment or incremental to ensure a healthy posture hip.

Extended height adjustment seat. Offers a choice of two cylinders to match any doctor, regardless of height: height range of the regular cylinder 470 mm-635 mm (18.8 inches to 25 inches); height range of the short cylinder 387 mm-470 mm (15.25 inches to 18.5 inches).

Double pivoting wheels with tile or carpet surfaces. They provide a gentle rolling motion.

Base of cast aluminum, five-legged. Adds stability.
