ECONOMY AIR DENTAL DELIVERY SYSTEM - ASEPTICO

ECONOMY AIR DENTAL DELIVERY SYSTEM - ASEPTICO

The Economy Air Dental Delivery System is an economical solution for dental operators, hygienist's rooms, or satellite offices. It offers a great value, giving you everything you need at a price you can afford.

The Dual Handpiece model features dual handpiece control with manual selection, and the Triple Handpiece model features triple handpiece control with automatic selection and individual air and water adjustments.

Both models include air pressure gauge, 3-way air/water syringe, foot control, and water flow adjustments. Requires connection to air and water sources.

OPERATORY LIGHTS for Dental Units

OPERATORY LIGHTS SUMMIT - SDS

OPERATORUY LIGTHS SUMMIT - SDS

Features:

Upgrade your existing light to LED! SDS is now providing doctors with the option of keeping their existing operatory units and light posts and simply swapping out the halogen light head for our Viulux LED II light head. Available for over 10 older halogen models, our light can provide doctors the technology of tomorrow at a price they can afford today.

DENTAL LAMP LED LIGHT - PEGASUS

DENTAL LAMP LED LIGHT - PEGASUS

Features

The Global LED Light Dental Lamp are design with removable handles that are maintenance free and can easily be mounted or dismount.

The Global Dental Led Lamp has optimized color of light with a color temperature range from 5500-6500K, similar just like the natural light from your window.

The Global Led lamp features free movement of 3axes, positioning the light to where you want.

The power of light from 450-550 is limited to minimize the effect on the sensitive material use for the restoration.
