## TEACHING AIDS - WHIP MIX

TEACHING AIDS - WHIP MIX

### Learn-A-Prep II

Learn-A-Prep II is an effective aid for the teaching of pre-clinical operative dentistry and a valuable tool for helping the dental student develop necessary dexterity and skill with a dental handpiece.

The three distinct resin layers of Learn-A-Prep II provide a way for students to:

- \* Learn the depth of the enamel, dentin and pulp layers
- \* Learn to differentiate the hardness between the enamel and dentin layers
- \* Practice before attempting a particular preparation on dentoform teeth.

**Mannequin Learn-A-Prep II**

The #9684 Mannequin Learn-A-Prep II is an excellent tool for hand coordination exercise. It is designed to be placed inside the mannequin to simulate tooth reduction inside the oral cavity. The Mannequin Learn-A-Prep II will fit any mannequin that has a 1/4 x 28 inch screw size.
