**CAVITRON INSERT FSI SLI - DENTSPLY**

For dental hygienists who go the extra mile, Cavitron gets you to places you could never reach before.

Uniquely combines a slim tip with a triple-bend design and beveled edge for better adaptation to line angles and interproximal surfaces and improved subgingival access.

Slim design is 30% thinner than the FSI Powerline-1000 insert.

Designed to remove light to moderate deposits.

**CAVITRON PSI FOCUSED SPRAY - DENTSPLY**  
**CAVITRON PSI FOCUSED SPRAY-DENTSPLY**

Cavitron Focus Spray Insert series is an ultrasonic insert that provides increased scaling and deplaquing performance, with less water. These instruments are for use with all Cavitron ultrasonic scaling units.

- \* For gross deposit removal
- \* Provides improved view of working area
- \* Patented internal water delivery system delivers water directly to the insert tip and "focuses" the water where it is needed most
