CANISTERS FOR ECCO HANDPIECES - ECCO

CANISTERS FOR ECCO - ECCO

ECCO High-speed Dental Canisters are made with miniature ball bearing of high precision grade P4 (ABEC 7), to be perfectly usable for high speed dental turbine handpiec. We also provide all our canisters in CERAMIC BEARINGS version

Product Specifications:

- * Rotating speed 350,000-450,000 rpm under air-pressure of 35 lb
- * Working life for more than six months under the normal operation (If made with ceramic bearings)
- * Corrosion resistant, High-temperature resistant (autoclavable , when separator (cage) is Turlon)
- * Our Ceramic Bearings have special warranty conditions.

We also provide canisters suitable for many brands of High speed dental turbine handpieces, such as KaVo, W&H, Bien-Air, Midwest, NSK, Star, Sirona, Lares, Dabi Atlante

Our Primary Competitive Advantages Strict control system & High-quality assurance
